WE SHOULD WORRY?

Because our competitor buys us out of a home? NOT MUCH!

We are here to stay. We know the Junk business and have a good market for all we can buy at the

Highest Market Prices

BUT FRIENDS, we did not come here for pleasure or for any automobiles. We came here to get an honest living for ourself and family.

We wish you would take a little more interest in the matter as between our family and the other party.

The New Fall Suits and Coats Are Ready

It will Be a Great Mistake If You Do not See Them Soon.

The ladies are realizing more and more every season that an early selection is the most satisfactory as there are fabrics shown early that cannot be found later and the garments made early are more carefully tailored than those made after the rush starts.

We guarantee to save you from \$2.00 to \$5.00 on any garment you buy of us and your money back if you say so.

Can you ask us to do more?

New Fall Dress Goods Are Arriving

If unable to call send for samples but make it a point to call if possible as the small samples do not do the goods justice.

Be Extravagant On Your Corset

Every day somewhere an old building of 4 or 5 stories is being torn down so that a 15 or 20 story building can be erected. Have you ever thought of what an improvement we could make in your figure if you permitted us to replace your 50c or \$1.00 corset with a genuine lace front Gossard? Cheap, ill fitting corsets are like old buildings ready to be thrown aside. It is wise judgement to buy good corsets as they determine your style, your age, your comfort and your every minute of the day satisfaction. Try one Gossard Corset and you will always want them in the future.
